Re: Chatham Run Watershed Storm Water Management Update Plan Approval

Dear Commissioner:

On June 27, 2006, we received a letter from the Clinton County Conservation District, notifying the Department of Environmental Protection that the Clinton County Commissioners adopted the Chatham Run, Fishing Creek and Cedar Run watershed Storm Water Management Plans on June 29, 2006. We have received documentation certifying compliance with the municipal and regional review and adoption procedures specified in Sections 6 and 8 of the Storm Water Management Act.

The Department of Community and Economic Development have reviewed the Plan and find it to be consistent with municipal floodplain management plans, state programs that regulate dams, encroachments and water obstructions, and state and federal flood control programs. The Plan is also compatible with other watershed management plans in the watershed and is consistent with the policies and purposes of the Storm Water Management Act.

Since the Plan meets the requirements of Section 9 of the Storm Water Management Act and the Department approves the Chatham Run Watershed Storm water Management Plan Update.

Any person aggrieved by this decision may appeal pursuant to Section 4 of the Environmental Hearing Board Act, 35 P.S. Section 7514, and the Administrative Agency Law, 2 Pa. C.S. Chapter 5A, to the Environmental Hearing Board, Second Floor, Rachel Carson State Office Building, 400 Market Street, P.O. Box 8457, Harrisburg, PA 17105-8457, telephone 717-787-3483. TDD users may contact the board through the Pennsylvania Relay Service at 1-800-654-5984. Appeals must be filed with the Environmental Hearing Board within 30 days of receipt of written notice of this decision, unless the appropriate statute provides a different time period. Copies of the appeal form and the Board's rules of practice and procedure may be obtained from the Board. The appeal form and the Board's rules of practice and procedure are also available in Braille or on audiotape from the Secretary to the Board at 717-787-3483. This paragraph does not, in and of itself, create any right of appeal beyond that permitted by applicable statutes and decisional law.

Thank you for participating in the Department's Stormwater Management Program. If you have any questions, or need further assistance, please contact me at the above number.

Sincerely,

Barry A. Newman, M.S., P.E.
Chief, Stormwater Planning and Management
Division of Waterways, Wetlands, and
Stormwater Management
