

## TABLE OF CONTENTS

<b>Description</b>	<b>Page</b>
DEP STORM WATER MANAGEMENT PLAN UPDATE APPROVAL LETTER	
TABLE OF CONTENTS	i
LIST OF TABLES	iii
CHAPTER 1. INTRODUCTION	
Background of the Chatham Run Study	1-1
Requirements of Act 167	1-1
Goals and Limitations of Chatham Run Watershed Management Plan	1-2
Planning Process Participants	1-3
CHAPTER 2. HYDROLOGIC CHARACTERISTICS OF THE CHATHAM RUN WATERSHED	
General Features	2-1
Topography	2-1
Surface Geology	2-2
Soils and Hydrologic Soil Groups	2-2
Existing Land Uses and Land Covers	2-2
Proposed Land Uses	2-3
Precipitation	2-3
Streamflow and Estimated Design Floods	2-3
Table 2-1 Soils and Hydrologic Soil Groups	2-4
CHAPTER 3. EXISTING STORM DRAINAGE PROBLEMS AND HYDRAULIC OBSTRUCTIONS	
Existing Storm Drainage Problems	3-1
Table 3-1 Inventory of Existing Stormwater Drainage Problems	3-1
Floodplains	3-2
Flood Hazard Areas	3-2
Survey of Significant Hydraulic Obstructions	3-2
Table 3-2 Inventory of Hydraulic Obstructions	3-3
CHAPTER 4. EXISTING AND PROPOSED FLOOD PROTECTION PROJECTS, AND STORMWATER COLLECTION SYSTEMS	
Existing Stormwater and Flood Protection Facilities	4-1
Proposed Stormwater and Flood Protection Facilities	4-2
CHAPTER 5. TECHNICAL STANDARDS AND CRITERIA FOR STORMWATER MANAGEMENT	
Effects of Development on Runoff Quality	5-1
Table 5-1 Comparison of Annual Pollutant Loads Discharged	5-2

<b>Description</b>	<b>Page</b>
<b>CHAPTER 6. STORMWATER MANAGEMENT TECHNIQUES</b>	
Structural Stormwater Management Techniques	6-1
Volume Reduction Techniques	6-2
Peak Reduction Techniques	6-2
Non-Structural Stormwater Management Techniques	6-3
Table 6-1 Structural Stormwater Management Techniques	6-4
 <b>CHAPTER 7. STORMWATER MANAGEMENT PLAN IMPLEMENTATION</b>	
Plan Implementation	7-1
 <b>CHAPTER 8. ACT 167 MUNICIPAL MODEL STORMWATER MANAGEMENT ORDINANCE FOR THE CHATHAM RUN WATERSHED</b>	
Article I    General Provisions	8-4
Article II    Definitions	8-7
Article III    Stormwater Management Standards	8-12
Article IV    Stormwater (SWM) Site Plan Requirements	8-19
Article V    Operation and Maintenance	8-22
Article VI    Fees and Expenses	8-23
Article VII    Prohibitions	8-24
Article VIII    Enforcement and Penalties	8-25
Article IX    Model Ordinance References	8-26
Appendix A    Low Impact Development Practices- Alternative Approach for Managing Stormwater Runoff	8-29
Appendix B    List of Site Conditions Suitable for Infiltration	8-31
Appendix C    Operation and Maintenance Agreement – Stormwater Best Management Practices	8-33
Appendix D    Example Calculations to Determine Exemption from SWM Site Plan Preparation Requirements	8-37
